

PARTNERSHIP IS MORE THAN JUST A WORD AT GUTEX

Dear friends and business partners,

At times like this, it's especially important to translate words into actions – and proactively maintain partnerships. Our pledge to be a reliable partner in any situation has always been the guiding principle behind our work. The corona epidemic doesn't change this:

- › **It's business as usual at GUTEX.** Even before the start of the present crisis, we took all the steps required to protect our employees' health. Their well-being, after all, is part of our corporate philosophy. The result: we're here for you every step of the way, with no corona-related production stoppages.
- › **There are no delivery issues at GUTEX.** You can rest assured that your orders will be delivered on time and to the highest quality. Together with our logistics partners, we're working hard to make sure that this remains the case in the coming weeks. Right now there are no supply bottlenecks in any of our core product segments.
- › **GUTEX staff are here to help.** Your contacts in sales or service are fully available to assist you. Whether we're working from home or the office, we can deal with all customer queries at any time.
- › **GUTEX management is here to help.** The management of our family business is fully committed to its business partners and is available at any time to provide transparent and detailed information on any issue you may have.

On a personal level, I hope that we all get through this difficult period safely, well able to deal with the challenges that lie ahead. If we work together in the coming weeks, all of us will emerge stronger from the crisis. Both I and the entire company are sure of it.

Stay healthy!
Warm regards

Gudrun Siemens – Head of sales national/international
